ABOUT ME

Cloud & DevOps Engineer with 4+ years of industry experience, working with AWS cloud infrastructure, Docker and Kubernetes, CI/CD pipelines, and system monitoring. In my Master's thesis at ETAS GmbH (Bosch Group), I designed and implemented an observability framework for Jenkins pipelines using Python, Django, MariaDB, and Grafana, extending my expertise into backend development and data-driven pipeline analysis.

WORK EXPERIENCE

ETAS GmbH (Bosch Group) – Abstatt, Germany

Master Thesis Student

[1 Apr 2026 – 15 Oct 2026]

- Designed, implemented, and evaluated an observability framework for multi-variant Jenkins CI pipelines using Python, Django REST Framework, MariaDB, Grafana, and Docker Compose.
- Developed a REST API and relational database schema linking pipeline runs, stages, and software variants for historical analysis.
- Defined 12 KPIs for pipeline speed, quality, and efficiency and visualized them in 3 interactive Grafana dashboards.
- Evaluated the framework on 1,450 real pipeline runs over 12 weeks, identifying bottlenecks and optimization opportunities.

DevOps Intern

[1 Aug 2025 – 31 Mar 2026]

- Managed and enhanced Jenkins CI/CD pipelines for an AUTOSAR communication stack as part of a DevOps team.
- Implemented an early-abort check in pull request pipelines that stops builds of outdated branches, saving build resources.
- Introduced stage-level duration logging across all pipelines to track stage and pipeline run times.
- Automated targeted nightly build failure alerts for developers who committed since the last run.
- Maintained build workflows using Jenkins, Git, Bitbucket, and Groovy scripts.
- Collaborated in an Agile (Scrum) team, contributing to sprint activities and code reviews.

eInfochips Pvt. Ltd. – Pune, India

Cloud Operations Engineer

[31 Dec 2020 – 31 Mar 2023]

- Operated and supported AWS cloud infrastructure, ensuring high availability and performance of production systems.
- Managed AWS services including EC2, S3, IAM, VPC, EKS, Route 53, ACM, and CloudWatch.
- Deployed containerized applications with Docker and Kubernetes, and released them across Dev, QA, Staging, and Production using Jenkins and Harness.
- Monitored and troubleshot systems using Splunk, Instana, and Grafana, resolving production incidents.
- Performed Linux administration, patching, vulnerability remediation, and SSL certificate management across environments.

Cloud Trainee Engineer

[27 Jan 2020 – 31 Dec 2020]

- Monitored Azure infrastructure with Grafana and managed alerts to maintain system availability.
- Investigated and resolved production issues through log analysis, escalated critical incidents, and documented resolutions for the team.

EDUCATION AND TRAINING

Software Engineering Masters

Heilbronn University of Applied Sciences (Hochschule Heilbronn) [23 Sep 2024 – Current]

City: Heilbronn | **Country:** Germany | **Final grade:** 1.8

Intensive German Course B1

Mannheimer Abendakademie [29 Jan 2024 – 10 Sep 2024]

City: Mannheim | **Country:** Germany | **Final grade:** DTZ Deutsch B1

Bachelor of Engineering in Computer Science

Savitribai Phule Pune University [31 Jul 2016 – 31 May 2020]

City: Pune | **Country:** India | **Final grade:** 2.06

SKILLS

Technical Skills

- **Cloud Technologies:** AWS, Microsoft Azure
- **Programming Languages:** Python, Groovy
- **DevOps & CI/CD Tools:** Jenkins, Harness, Git, GitHub, Bitbucket
- **Containerization & Infrastructure as Code (IaC):** Docker, Kubernetes, Terraform (Basic)
- **Monitoring & Observability:** Grafana, Splunk, Instana
- **Backend Technologies:** Django, Django REST Framework, REST APIs
- **Databases:** MariaDB
- **Operating Systems:** Linux (Red Hat, Ubuntu), Windows
- **Project Management & Collaboration:** Jira, Confluence, Agile (Scrum)
- **AI Tools:** GitHub Copilot, Claude Code

CERTIFICATIONS

AWS Certified Solutions Architect – Associate

Red Hat Linux (Udemy)

Kubernetes for the Absolute Beginners (Udemy)

AZ-104 Microsoft Azure Administration (Udemy)

LANGUAGE SKILLS

English - Professional Working Proficiency (C1)

German - Intermediate (B1)

Marathi - Native (C2)

Hindi - Native (C2)

HOBBIES AND INTERESTS

Travelling

Cooking & Baking
